 **JAMMING  
GOOD TIME**

Once again, we are at a point of concern for the health of our attendees during the COVID pandemic up-tic in cases as the days precede us.

The Winter Creek Reunion Festival board considered the structure of our full scheduled festival routine and decided rather than cancelling we will simplify the gathering this year to a jamming weekend.

**We ask you to make the decision whether to participate or not based on your own health concerns and/or beliefs of how you personally want to deal with the pandemic.**

The campground is full with those still planning on attending. The tenting area is available if you want to primitive camp. We'll have a port-a-pot or two, the shower ready, and lots of hand sanitizer and wipes available.

No vendors – unless someone decides to setup impromptu. No concession stand planned. There are choices of two local cafes in Bennington, one in Boswell that is reported to have been upgraded and of course, the 20mile Durant run for just about any variety of cuisine you'd like. It is a pretty drive so not a waste of time! We may even plan a 'dinner run'.

As WCR fast approaches – watch the FB page or the [www.rrvdc.com](http://www.rrvdc.com) website for updated information as changes may occur.
